This Article contained an error. Camille Noûs, listed as the tenth author on the paper, is fictitious and therefore does not fulfil the requirements for authorship. The name is now removed from the author list. Additionally, the following sentence was added in the Acknowledgements:

"Camille Noûs, a fictitious author, embodies the ideals of the collegial construction of the standards of science through developing the methodological framework, the state-of-the-art, and by ensuring post-publication follow-up (<https://www.cogitamus.fr/camilleen.html>), and is hereby acknowledged."
